

Fly spray mixture from Orange aPEEL

In one Litre of Water add 1/2 cup of mineral oil, 1/2 cup vinegar, 1 tablespoon of Orange aPEEL® and allow a few minutes for it to work into the mixture. Always shake before using. Keep away from direct contact with eyes.

Orange aPEEL® is intended to be a cleaner and deodorizer, however it has many additional uses. This fly mixture originated with one of our customers and has since been tried by several others with success
